FEDERAL AGENCY PORTFOLIO

- **FEMA IPAWS – Integrated Public Alert and Warning System**
Enables local Alerting Authorities to send emergency alerts efficiently and securely.
- **CMS RECON – Relationships, Events, Contacts, and Outreach Network**
Manages CMS interactions with partners and outreach events, measuring effectiveness of messages delivered to beneficiaries.
- **CMS CDMS – Office of Hearings Case and Document Management System (OH CDMS)**
Streamlines case and document management for CMS hearings.
- **CFPB Mosaic – Consumer Resource Center**
Cloud-based system supporting the agency's consumer complaint program.
- **CFPB SES – Supervision and Examination System**
Internal repository facilitating supervisory activities and secure information exchange with external entities.
- **CDFI AIMS – Awards Management Information System (AMIS)**
Supports CDFI Fund operations for tracking and managing awards.
- **GSA RediForce – Real Property Disposition**
Manages federal real property disposition efficiently and transparently.
- **FDA CFSAN – Center for Food Safety and Applied Nutrition**
Supports the agency's food safety and nutrition programs by managing data, inspections, and regulatory compliance activities.
